

**MEMORANDUM**

TO: Mustafa Muradvich, Environmental Planning Group  
Jennifer Tremayne, Kimly-Horn and Associates

FROM: James Matthew Mallery, ADOT EPG, Historic Preservation Team

DATE: April 26, 2017

RE: Project No.: STP CHN-0(237)D

TRACS NO.: 0000 MA CHN SZ170 01D

Project Name: Chandler Heights Road-Arizona Avenue to McQueen Road  
"no adverse effect"

---

The Federal Highway Administration (FHWA) and the Arizona Department of Transportation (ADOT) continued consultation with the Arizona State Historic Preservation Office (SHPO), The Bureau of Reclamation, the City of Chandler, the Salt River Project, the Roosevelt Water Conservation District, the Union Pacific Railroad, and the Arizona State Museum (ASM) on a finding of "no adverse effect" on March 23, 2017. Concurrences were received from the SHPO, Reclamation, Chandler, and ASM.

At this time, FHWA has determined that this project proceed with a finding of "no adverse effect." If the remaining parties opt to participate in cultural resource consultation for this project at a later date, FHWA / ADOT will make a good faith effort to address any concerns they may have. However, such consultation will not necessitate a reconsideration of this finding of project effect.

Kimley-Horn, because all consultation for this project is now complete, and in accordance with Section 4.7 of the Historic Preservation Team (HPT) Handbook, within 2 weeks of receipt of this memo please enter the project information into the HPT Portal, if appropriate. This includes uploading all applicable reports, cultural resource locations and information, and all associated consultation letters. Please contact me via e-mail or telephone to inform me once this information has been uploaded to the Portal.

If you have any questions about this clearance, please feel free to contact me at (928) 779-7595 or by e-mail at JMallery@azdot.gov.

Sincerely,

J. Matthew Mallery

Historic Preservation Specialist
